

GLO-RAY® BUFFET WARMERS

Models GRBW -24, -30, -36, -42, -48, -54, -60, -66, -72

Glo-Ray Buffet Warmers are the perfect alternative to "canned heat." Ideal for holding hot food on buffet lines or at temporary serving areas. These Glo-Ray foodwarmers feature a specially designed heated base, breath protector(s), soft incandescent lighting, and cord and plug set.

FLEXIBILITY

A metal sheathed element directs heat from above while the thermostatically-controlled base conducts heat below at temperatures of 80° to 200°F (27°-93°C). This combination extends food holding time. Buffet Warmers are available from 25" through 73" (638-1857 mm) wide and have an optional hardcoated base. Accessory front and side enclosures provide a safe serving environment for the products being displayed.

All models are shipped with breath protector(s), display lights, and 6' (1829 mm) cord and plug attached. Six optional *Designer* powdercoated colors coordinate these warmers with the décor while providing a durable, easy-to-clean surface.

QUALITY

The following features assure the finest performance for years to come:

- All models feature a thermostatically-controlled heated base to extend the holding times of most food, and a 6' (1829 mm) cord and plug set.
- The Glo-Ray Warmers have prefocused infrared top heat directing heat to the outer edges of the holding surface where heat loss is the greatest.
- Shatter-resistant incandescent lights enhance product display while safeguarding food products from bulb breakage.
- Sturdy acrylic front or side enclosures or breath protectors provide a safe environment when serving food.

Model GRBW-30 with accessory food pans

Model GRBW-30 with accessory front and side enclosures, sign holder (graphic not included), and pans

METAL SHEATHED HEATING ELEMENTS GUARANTEED AGAINST BURNOUT AND BREAKAGE FOR TWO YEARS, BLANKET ELEMENTS FOR ONE YEAR.

- ♦ If end enclosures are included, add 1 $\frac{1}{16}$ " (27 mm) to width of unit.
- * Indicates models that accommodate multiple food pans: 30" (762 mm) = 2 pans, 42" (1067 mm) = 3 pans, 54" (1372 mm) = 4 pans, and 66" (1676 mm) = 5 pans.
- † NSF requires units over 36" (914 mm) in width or weighing more than 80 lbs. (36 kg) to be either sealed, or raised on the installation surface with the 4" (102 mm) legs included.

Stainless Steel Food Pans

Stainless steel food holding pans are available in either 2 $\frac{1}{2}$ " or 4" (64 or 102 mm) depths. These pans are offered in full-size, half-size, or third-size. Optional wire trivets prevent foods from touching pan bottom.

DIMENSIONS

GRBW: 25 $\frac{1}{8}$ " – 73 $\frac{1}{8}$ "W x 27"D (including breath protectors) or 20 $\frac{1}{8}$ "D (including front enclosure) x 17 $\frac{3}{4}$ "H* (638 – 1857 x 686 or 511 x 451 mm).
Base Depth: 19 $\frac{1}{2}$ "D (495 mm).

*Add 3" (76 mm) to height when using 4" (102 mm) legs.

VOLTAGE

GRBW-24 to -42: 120 volts, 3-wire (uses NEMA 5-15P, models 36-42 NEMA 5-20P for Canada).

GRBW-48: 120 volts, 3-wire (uses NEMA 5-20P not available for Canada).

GRBW-54 to -72: 120/208, 120/240 volts only, (uses NEMA 14-20P).

All GRBW models available in 120/208 volts or 120/240 volts, single phase, 4-wire (uses NEMA 14-20P).

Export voltages available.

CORD LOCATION

Base end plate, same side as switch.
