## Model 77BG

### Straight Through Gas Countertop Broiler

Item No: \_\_\_\_\_

AIA FILE NO./ SPEC NO.
CONSULTANT/ CONTRACTOR APPROVAL

77BG

The Marshall **Model 77BG** gas broiler is designed for high production. Products cook directly on the heavy-duty conveyor rods for even cooking and the highly desirable grilling bar marks.

The 77BG is equipped with a cooking computer for menu items that require different cook times. Different weight hamburgers and chicken filets cook directly on two individually controlled conveyors. Each conveyor has four product buttons to program various cook times.

All Marshall products are supported by a nationwide service organization and an in-house, full-time Customer Support Department. To place an order, call:

**1-800-627-8368**

**High production gas broiler for hamburgers of different sizes and other food items such as chicken and meat filets. Food items lay directly on conveyor, producing appealing bar marks.**

#### FEATURES

The 77BG has (2) 7" belts and is designed for flexibility to cook different size hamburgers or other meat filet items.

- Compact and versatile size. Fits on countertop.
- Fully automatic electronic ignition system.
- One person operation.
- Computer speed control with diagnostics.
- Side slide-out burner design.
- Two position catch tray assembly.
